Posted by toastandjamrecordings - 2024/03/24 05:31

Back in the studio after a 10 year hiatus, we are welcoming legendary producers Slyde to the Toast & Jam fam. With vocals from Lady Posh, Slyde delivers a tasty slice of breakbeat funk with their new track Slyde On. A bouncing sine wave bass line and dazzling synth work set the table for this funky feast as Lady Posh's smoking-hot vocals put the cherry on top of what is sure to be one of the defining club anthems of 2024 and beyond.
